

Horning Primary School Pupil Premium Strategy Statement 2023-24

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils. It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school

School Overview

Detail	Data
School Name	Horning Primary School
Number of Pupils in School	27
Proportion (%) of Pupil Premium Eligible Pupils	30% (8 PP, * PP+)
Academic Year/Years that our current pupil premium strategy plan covers	2023-24
Date this plan was published	November 2023
Date on which it will be reviewed	July 2024
Statement authorised by	David Hopkins
Pupil Premium Lead	David Hopkins
Governor Lead	Steve Lunnis & Mike Blake

Funding Overview

Detail	Data
Pupil Premium funding allocation this academic year	£8730
Pupil premium funding carried forward from previous years	20
Total Budget for this academic year	£8730

Part A: Pupil Premium Strategy Plan

Statement of Intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Statement of Intent

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge Number	Details of Challenge										
1	Internal assessments indicate that attainment in Reading, Writing and Mathematics among disadvantaged pupils is below that of non-disadvantaged pupils for children reaching age-related expectations and greater depth although numbers of PP children are small but growing										
2	disadvantaged pupils i	External assessments from 2023 Key Stage 1 there were no disadvantaged children. Reading and writing among disadvantaged pupils in key stage 2 was below national expectations. Numbers of pupil premium children are small 8: children in key stage 1=3 children in key stage 2 = 5									
3	Our assessments and observations indicate that the education and wellbeing of some of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations, especially in reading, writing and maths.										
4	The engagement and behaviour of children where social, emotional and economic barriers exist, preventing the accelerated progress needed to close the attainment gap.										
5	Our attendance data over the last 3 years indicates that attendance among disadvantaged pupils has been lower than for non-disadvantaged pupils. Although the gap historically was 3%, the previous two year's attendance data demonstrates the GAP has been narrowing as a result of rigorous and consistent monitoring of attendance and the measures implemented to date are planned to continue to further reduce the GAP.										
	2019-2020 (Pre-Covi) 2020)-2021		2021	2022			2022	-2023	
	Overall Persistent Overall Persistent Overall Persistent Overall Persistent Attendance Absence Attendance Absence Attendance Absence Attendance Absence										
	PP Non-PP						Non-PP				
	90.74% 93.75% 25.00% 21.	% 87.01% 95.97%	33.3% 11.	1% 93.24%	95.12%	22.2%	14.3%	95.37%	96.19%	12.5%	14.3%
6	Reduced access to enri	chment activitie	s including	visits, vis	itors ar	nd club	s due to	the so	chool's i	rural lo	ocation
7	Low aspiration and parental engagement										

Intended Outcomes

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended Outcome	Success Criteria
Number of PP children achieving the expected standard in reading, writing and mathematics at the end of KS1 inline with national figures. Number of PP children achieving the expected standard in reading, writing and mathematics at the end of KS2 inline with national figures.	By 2023-24, the number of PP children achieving the expected standard at the end of KS1 increases and is inline with or better than PP national KS1 Reading: national 54% KS1 Writing: national 45% KS1 Maths: national 56%
Measured: On-going and end of term assessments the class teacher, scrutinised and discussed in pupil progress meetings with Head of School/senior teacher. Progress and next steps to be identified and reviewed each term. Governor monitoring termly in-school effectiveness committee.	By 2023-24, the number of PP children achieving the expected standard at the end of KS2 increases and is inline with or better than PP national KS1 Reading: national 61% KS1 Writing: national 58% KS1 Maths: national 59%
Increased number of PP children achieving greater depth in reading, writing and mathematics at the end of KS2 Measured: On-going and end of term assessments the class teacher, scrutinised and discussed in pupil progress meetings with Head of School. Progress and next steps to be identified and reviewed each term. Governor monitoring termly in-school effectiveness committee.	By 2023-24, the number of PP children achieving greater depth at the end of KS2 increases and is inline with or better than PP national Reading: national 18% Writing: national 7% Maths: national 13%
Gaps between the attainment of our PP and non-PP children will have reduced, demonstrating that the knowledge-gaps are closing. Measured: On-going and end of term assessments the class teacher, scrutinised and discussed in pupil progress meetings with Head of School. Progress and next steps to be identified and reviewed each term. Governor monitoring termly in-school effectiveness committee.	By the end of 2023-24, internal data will show that the gap between the number of PP and non-PP children achieving the expected standard at the end of each year group has narrowed. This will be shown by the gap closing after each data drop (Termly).
PP children are able to make accelerated progress as a result of reduced social, emotional and economic barriers. Measured: On-going and end of term assessments the class teacher, scrutinised and discussed in pupil progress meetings with Head of School. Progress and next steps to be identified and reviewed each term. Governor monitoring termly in-school effectiveness committee.	Children will be actively engaged in all areas of the curriculum, demonstrating the JONK characteristics/values and higher levels of engagements with less low-level disruptions. Children will attain as well as their peers in all areas of learning and make at least expected progress from their individual starting points.
Improved attendance of persistently absent PP results in improved progress and attainment Measured: Termly attendance report as part of SLT report to governors. Termly meeting with the attendance governor to report on progress/challenges and next steps.	Attendance for PP children to be in line with national expectations (96.1%), with the gap narrowed further between PP and non- PP children. Reduced percentage of persistent absence to be inline with non-PP children, and below national.
PP children experience a wide range of enrichment activities which lead to improved outcomes in the core subjects Measured: Registers from clubs and events. Pupil voice to collect data for clubs/events taken outside of school.	Children are offered and take up a wide range of clubs, educational visits and in-school visitor experiences. Children are offered and take up a range of activities outside of school, both independently and with their families.
Higher rates of parental engagement through home reading, parent information events and family learning sessions. Children will aspire to be involved in many different careers and are increasingly aware of the pathways to achieve them.	PP children to regularly read at home with their parents. Increased percentages of parents of PP children to attend parent information events and family learning sessions in school.

Activity in this Academic Year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted Cost: £3750

Activity	Evidence that supports this approach	Challenge Number(s) Addressed
To continue to use Monster Phonics reading books linked to the phonics scheme and intervention programme used across Key Stage One and identified pupils in Key Stage 2.	Phonics Moderate impact for very low cost, based on very extensive evidence. Reading comprehension strategies High impact for very low cost, based on extensive evidence. £ £ £ £ £ â â â â â #6	1 2
To continue to use Lexplore to assess all children's reading age and identify those children who require reading intervention.	Tage in pass on the forecast date on contract to recently	1 2
To develop the whole school Maths curriculum to ensure coherence in the teaching of mathematics from Early Years to Key Stage Two.	Mastery learning Moderate impact for very low cost, based on moderate evidence.	1 2
To provide high quality tailored CPD days for Teachers and Teaching Assistants to ensure High Quality First Teaching across the curriculum and key focus areas.	Mastery learning (E) (E) (E) (E) (E) (B) (B) (B) (B) (B) (B) (B) (B) (B) (B	1 2
To provide high quality mentoring and support for Early Career Teachers.	Mentoring Low impact for moderate cost based on moderate evidence. £ £ £ £ £ £	
To purchase high quality texts for English and Guided Reading sessions that are centred around each topic and linked to the two-year rolling curriculum.	Reading comprehension strategies Very high inequal for very low cost based on extensive evidence E E E E E A A A A A A A A A A A A A	1 2
To purchase a range of mathematics resources to ensure each class has a varied and consistent range of concrete representations.	Improving Mathematics in Key Stages 2 and 3 Eight recommendations to improve outcomes in maths for 7–14 year olds	1 2
To further develop the whole school Guided Reading approach to improve children's reading	Metacognition and self-regulation (E)	1 2
comprehension and fluency.	Reading comprehension strategies Very high impact for very low cost based on extensive evidence: (£ £ £ £ £ 4 4 4 4 4 4 4 4 4 4 4 4 4 4 4
